IN SYMPATHY WITH IRELAND

In Advancement of Social and Material Ends

SAYS KING EDWARD

His Majesty Delivered an Address in Response to Several Made To Him.

Dublin, July 22.—At Dublin Castle today King Edward received a large number of addresses. Replying to the address of the citizens' committee His Majesty said, "I have always been in sympathy with every movement to advance social and material well being in this community. I intended during my visit to make myself acquainted with the conditions under which people live and work."

A FURTHER STEP.

In Attempt to Get Gaynor and Green Into United States.

London, July 22.—Sir Edward Clarke, representing the American government, appeared before the privy council today and obtained leave to appeal from the decision of the Quebec judges that warrants for arrests of Gaynor and Green, charged with complicity with Captain Carter in the Savannah harbor fraud, were illegal. This is a further step in the government's attempt to secure the extradition of these men from Canada.

EMPLOYERS SEEK DAMAGES.

Have Brought Suit for \$40,000 Against Striking Carpenters.

St. Louis, July 21.—What is said to be the first suit ever filed in St. Louis for damages resulting from a labor strike, by employers against employees has been instituted in the circuit court. The suit was brought by three firms manufacturing bank, bar and office fixtures, against the local union of the United Brotherhood of Carpenters and Joiners of America for an immediate writ of injunction restraining the defendants from in any way interfering with the operation of the plants of the complainants and for a judgment of \$40,000 for damages alleged to have been already sustained as a result of the action of the defendants.

A CLOSE CONTEST.

St. Albans Defeated Burlington in 10 Innings.

Burlington, July 22.—In a nerve-racking, 10-inning contest, the strengthened Burlington nine went down before the strong St. Albans aggregation yesterday afternoon at Athletic Park, the score being 8 to 5 against the home team. Dresser out-pitched Davis. In other respects the work of both teams was almost uniform and the 500 people present have no kick coming against the home players. Burlington made two errors to one by St. Albans and made 10 hits to the visitors' 11. But St. Albans put more ginger into their stick work and made a total of 17 bases to 10 by Burlington.

LOST IN FOG.

And Steamer Seaboard Ran Into a Dock.

New London, July 22.—The Joy line steamer Seaboard limped into port this morning assisted by a tug. The Seaboard was badly crippled, having lost her bearings in a fog last night and run into a dock at Plum Island. Her bow was stove in and a section of it is missing. Her stern was also damaged and twisted. She is leaking badly and her cargo is wet. She was bound East.

LEAGUE BASE BALL.

Philadelphia Americans Won Two Games From St. Louis.

Yesterday's American League scores: At Philadelphia, (1st game), Philadelphia 1, St. Louis 0; (2nd game), Philadelphia 11, St. Louis 3. At New York, New York 9, Cleveland 3. At Washington, Washington 10, Chicago 4.

FIRST BATCH OF CHINAMEN.

Sixteen Celestials Arrived at Richford Yesterday.

Richford, July 21.—The first lot of Celestials to arrive here since Richford was made one of the important ports of entry for Chinamen, came today and numbered 16.

A. P. Schell of Boston, in charge of the New England district, and Yung Kay, Chinese interpreter, are here. A. L. Weeks of St. Albans, Mr. Schell's assistant, is here all the time.

POPE LEO'S BODY IN KING'S CHAPEL

Some Think This Presages a Greater Harmony Between Church and State.

Rome, July 22.—This morning the papal household and a few privileged persons were admitted to the ante-chamber where the Pope's body was still lying. The second of ten congregations to be held before the conclave, took place today. Matters relating to the conclave were the subject of today's discussion. It is stated that a great deal of intriguing is afoot among the prelates to secure high offices under the new administration.

A private view of the pontiff's body by high church dignitaries, the diplomatic body and the Roman aristocracy, which would ordinarily occur in the Sistine chapel, was held today in the throne room in accordance with Leo's wishes. This will necessitate a slight alteration in many of the death ceremonies. The removal of the urn containing the viscera at the Quirinal church is being widely commented on. As this is the parish church of the king's palace some think it presages greater harmony in church and state.

Your correspondent learns of a curious detail of transportation of the urn containing the Pope's viscera to the church of Vincenzo. The urn should have been taken last night but the curate of the church could not find the keys to the door of the room where the niches for the reception of these urns are. As a result the door had to be forcibly broken in this morning. The urn was placed in its niche without any of the pomp previously arranged.

At the autopsy of the Pope's body, the left lung was found to be whole but the right was half filled. The heart and lungs were placed in an urn with the other organs and all were submerged in a formaline solution. The cavity in the body was then filled with an antiseptic fluid and the whole body was bathed in benzine and swathed in bandages which were varnished.

The pontiff's face has moulded itself into a more natural expression. As he is now lying the holy father looks remarkably lifelike, as if he had fallen into a gentle sleep.

LETTER FROM THE BISHOP.

The Rt. Rev. J. S. Michael Issues Instructions to Catholic Churches.

Burlington, July 21.—The Rt. Rev. J. S. Michael, Bishop of Burlington, today issued a letter to all the priests of the diocese containing regulations to be observed in connection with the death and burial of the Pope. He recommends that solemn high mass of requiem be celebrated in every parish church on any day from now till Tuesday, July 23, inclusive. Simple emblems of mourning should appear on the facade of every church.

Pontifical high mass will be celebrated in St. Mary's cathedral here at 9 o'clock the morning of Monday, July 27, by the bishop.

Bishop Michael has received word that Monsignor Falconi of Washington, the apostolic delegate, will be present at the golden jubilee of the diocese, July 20.

CATHOLIC JUBILEE.

50th Anniversary of Catholic Diocese to be Observed.

Burlington, July 21.—The death of Pope Leo XIII will make no difference in the arrangements completed a little time ago for celebrating the golden jubilee of the diocese of Burlington, which will be observed with appropriate exercises Wednesday, July 20, at the Cathedral of the Immaculate Conception in this city. Pontifical high mass will be celebrated at 10 o'clock in the forenoon by the Rt. Rev. Thomas D. Beaven, D. D., bishop of Springfield. At 1 o'clock in the afternoon a banquet will be held at St. Mary's hall, with postprandial exercises.

It is expected that Monsignor Falconi of Washington, the apostolic delegate to the United States, and Archbishop Williams of Boston, head of the ecclesiastical province of New England, will be present at the celebration, should the memorial services in Boston not conflict with those here.

CALEDONIA SPRINGS SOLD.

Canadian Pacific Railway Co. Pays \$100,000 for Property.

Caledonia Springs, Ont., July 21.—The Canadian Pacific Railway Co. has bought the Caledonia Springs property the consideration being \$100,000. The company has already set a force of men at work improving the property and will erect a costly and spacious hotel at the springs.

Some idea of the rise in value of this property may be gained from the fact that seven years ago the same company would offer but \$50,000 for the property. The present house contains 82 rooms and last Sunday accommodated 102 guests, 10 more than at any previous time in the history of the springs.

IMPORTANT MEETING.

Retail Clerks Requested to Be Present Thursday Evening.

All members of R. C. L. P. A. are requested to be present at the next regular meeting, Thursday, July 23, at 7.30 p. m. According to our new by-laws all dues must be paid at the lodge room and members wishing tickets for the excursion Aug. 12 will please remember that this is the last meeting before that time.

The financial secretary will be there at 7 o'clock to accommodate any who have engagements for that evening.

GEO. M. GATES, Pres., C. C. GRISWOLD, Fin. Sec.

John Brown's Body.

The author of the words and music of "John Brown's Body" has never been traced. It "sprang into being" at the opening of the civil war and was sung by Webster's regiment when it left Boston for the front on July 18, 1861.

LOST LIFE IN PAINT MIXER

John Bomhower Horribly Crushed

AT BELLOWS FALLS MILL

He Was Repairing Machine When It Was Set in Motion by Another Workman.

Bellows Falls, July 21.—John Bomhower, aged 30 years, employed at the Casein company's works here, was fatally injured this morning, the accident which caused his death being of a particularly horrifying nature. He was at work about a paint mixer and the machine needing repairs he slipped the belt to the loose pulleys and entered the mix box. While engaged there a fellow workman, whose duty it was to oil the machinery, came and set the mixer in motion. The resistance of Bomhower's body against the grinder threw the belt off but before he could be removed the body was crushed and ground in a horrible manner. He was alive when taken out but died a few minutes later.

No blame is attached to the workman who set the machine in motion as the act was in direct line of duty and he had no reason to suppose that repairs were being made.

UNDER FOUR FEET OF EARTH.

Chester Man Narrowly Escapes Death While Digging a Ditch.

Chester, July 20.—While at work digging a ditch Saturday afternoon Eliab Bolton was buried about four feet deep with solid earth by one side of the ditch caving in, and it was fully 30 minutes before the workmen could find him by shovelling.

Mr. Bolton was working alone at the time, and D. O. Miller, who happened to come along and knowing that Bolton was in the ditch at work a few moments before, gave the alarm.

When found Mr. Bolton was in a standing position and in the act of lifting a shovelful of dirt, and was thought to be dead. After he was released he was taken to his home, and at last accounts was apparently all right. Mr. Bolton is 75 years old, and for 17 years of his life he was a sailor.

STRUCK BY LIGHTNING.

Hay Barn Damaged at Vergennes—Great Downpour of Rain.

Vergennes, July 21.—A severe electrical storm passed over this city this afternoon. It began at 12:30 and lasted until almost two o'clock. Most of the time the crash of thunder was terrific and the flashes of lightning almost continual. The electrical display was accompanied by the heaviest rain storm of the season and torrents of rain at times almost approaching a cloudburst, fell for over an hour, making the streets resemble water courses. During the storm the lightning struck J. O. Walker's hay barn at the depot ripping off a few shingles but passing off without doing much damage. Some damage is reported to have been done to the telephone lines by burning of fuses, etc. It is estimated that over an inch of rain fell during the storm.

DAMAGE IN MIDDLEBURY.

Lightning Played Several Pranks, Killing Animals.

Middlebury, July 21.—About 8 o'clock Tuesday evening one of the severest electrical storms of the season passed over this village. The lightning struck the home of Perry Bingham, who lives on River street. It struck the saddle board and went down through and did some damage to the house and its contents, and came within a few feet of a young baby which was lying in a cradle. It also struck the barn of Fred Marsella on Main street and killed a valuable horse, Mr. Kirby, who lives in the East part of the town had a cow killed which was out in a pasture and the barn of Harrison Holden just south of the village was also struck and somewhat damaged.

GOLF MATCH AT RUTLAND.

Picked Vermont Players to Meet Exwanok Club Team.

Rutland, July 22.—Arrangements are being made to hold a big golf match on the links of the Rutland County Club in this city the last week of August, between 20 of the best players that can be secured in Vermont, and a team from the Exwanok Club at Manchester. The latter club's membership includes many expert golfers from New York and Philadelphia. Much interest is manifested in the match here.

HAD MANY VISITORS.

Several Prominent People at Oyster Bay.

Oyster Bay, July 22.—Senator Platt of New York, Representative Cannon of Illinois, Governor Yates of Illinois, Ambassador Turner, Henry Clay, Erick, the steel magnate, Edward Lauterbach of New York, ex-Senator Turney of Washington, were among those who had a conference with the President today.

VERMONT'S LUMBER KING

S. L. Griffith, Dead in California.

HIS ILLNESS WAS SHORT

Remains Will be Taken to Danby, this State, Where Interment Will be Made.

San Diego, Cal., July 21.—The Hon. S. L. Griffith of Danby, Vt., died at his residence here, "The Palms," at 5:12 this afternoon. The end came peacefully and without pain. He had passed a fairly comfortable night with his mind unclouded and seemed cheerful and resigned. Early in the morning he was taken worse and lapsed into unconsciousness about eight o'clock from which he never rallied.

Mrs. Griffith is alone here and awaits the arrival of Mr. Griffith's nephew, W. H. Griffith, who is expected to reach here Thursday, before making final arrangements for the funeral. The present arrangements are to hold a service at the residence Friday afternoon and start for Vermont with the remains Saturday or Thursday of next week.

Mr. Griffith previous to the fatal attack last week was planning to return to his home in Danby and arrive there on the 5th of August. He had just passed his 66th birthday, June 26, and is survived by his wife, a daughter, Mrs. W. H. Riddle of Rutland, Vt., two brothers and a sister in Danby, Vt.

The mercantile was Mr. Griffith's chosen occupation and he continued in that for many years, until he entered the lumbering business at North Dorset. From small beginnings Mr. Griffith kept adding to his holdings until he became the personal owner of over 50,000 acres of land, and the present output of lumber is approximately 25,000 feet annually. At the time the data for this sketch was secured, there were 613 employees on his pay-roll, exclusive of the salaried heads of departments; 80 oxen and 211 horses were owned by him and regularly employed in the business, while a great many teams owned by others are employed during the busy season hauling logs and lumber. Of the annual output of lumber about 94,000,000 feet is spruce and 1,000,000 feet hardwood. About 1,000 cords of wood are also cut annually, the greater part of which is burned into charcoal, which industry is again on the ascendancy to such a favorable degree that he has caused several new kilns to be built.

Mr. Griffith was an extensive traveler, he having visited all sections of the United States and made trips to Mexico, Cuba, Europe, Egypt and the Holy Land. While traveling he was ever alert for curios and mementoes and he had a large collection at his home in Danby.

Perhaps the greatest pleasure of Mr. Griffith's life was to entertain friends and he was widely known as a host. At his trout preserves at Groton and Mount Tabor he has entertained many of the most widely known public men of America.

Mr. Griffith's greatest benefaction to his native town is yet to come. In the form of a public library and memorial building, plans for which are already under way, it will cost about \$30,000 and is endowed so as to be self-supporting. It will be a museum which will contain numerous mementoes and curios collected by Mr. Griffith in his travels.

Politically Mr. Griffith has always been an ardent supporter of the Republican party. He has seldom sought political honors preferring to give his attention to business and pleasure but he consented to serve as a senator from Rutland county in the Legislature of 1898.

FOR POISONING HORSE.

Clarence Baker of St. Albans Arrested Yesterday.

St. Albans, July 22.—Clarence Baker of South Main street was arrested yesterday charged with poisoning the driving horse of Douglas K. Holmes on the night of the 11th instant. There was a preliminary hearing at the jail last night before Judge Thorne, when Baker waived examination and bail was fixed in the sum of \$700 for his appearance before the city court next Tuesday morning. He furnished the bail and was released. F. W. McGiettrick and Watson & Flynn appear for Holmes with Hogan & Hogan for Baker. It appears that on the night of July 11, some party or parties unknown entered Mr. Holme's barn and mixed a lot of Paris green with the horse's feed, and the horse died on the street the next day. The leather top of the buggy was also ruined by being out and slashed with a knife.

A HARVEST IN FEES.

Rutland Policemen Doubling Their Salaries.

Rutland, July 21.—The patrolmen of the city have been reaping a rich harvest under the fee system for the past few months. Figures secured from the city clerk this morning show that the regular members of the police force made the following amounts in fees between June 1 and July 20, outside of their regular salary of \$50 per month: Chief E. H. Lawson, \$54; Thomas C. Elworth, \$78; John Tanguay, \$112; John P. Clifford, \$51; Michael McDonough, \$30; Orrin R. Packard, \$27; total, \$547.

A TEN-MINUTE CITY MEETING

With Thirteen Present, Including the Janitor and Newspaper Reporters.

The city meeting called for last evening did not draw as well as the others, and when it came time to call it to order there were thirteen persons in the hall, including the janitor and newspaper reporters. C. P. Jones was elected moderator, he declining to serve, H. A. Duffy was elected to preside.

The meeting was called to see if the city would vote to accept funds in trust for the care of lots in the city cemeteries, something the city has been doing since its incorporation, but without a vote of the city as required by statute. On motion of R. S. Currier it was voted the city do accept such funds, and the meeting adjourned after being in session ten minutes.

MONTPELIER'S BUSY DAY.

Thirteen Cases Disposed of in City Court.

Montpelier, July 22.—The local city court had its "busy day" today when no less than thirteen men received sentences for furnishing or intoxication. Most of the arrests for intoxication were made last night.

H. C. Gilbert and James Turner of Montpelier, and Charles Childs of Morrisville, were each sentenced to a term of not less than three months for furnishing. The following intoxication cases were up: Stewart Ferrin, Moretown, paid; Joe Folbert, Montpelier, ten days; James Gillick, Bridgeport, Conn., a circus hand, waiting in jail for assistance; Albert Bonnet, Barre, paid; William Hull and Reuben Clough, Washington, former ten days, latter paid; Joseph McCauley, Montpelier, paid; Tom Haley, Barre, ten days; Frank Forbes, second offence, 15 days.

MORE LEGAL QUIBBLES.

In Trial for Furnishing Liquor at Montpelier.

Montpelier, July 22.—The Montpelier license commissioners are trying to break up alleged "pail" brigades, and H. C. Gilbert was the first on whom the experiment was tried, he having been charged with furnishing liquor to Edward Gabree, who has been in court several times for intoxication. In the trial held Monday evening J. C. Wing, attorney for the defense, raised several novel points.

The attorney asked that a verdict be rendered for the respondent on the ground that the State did not show the prisoner gave the liquor away without authority, or, in other words, that he did not possess a license. Grand Juror Theriault believed it was a matter of defense, and the court overruled the motion of the respondent.

Then Mr. Wing stated that he should raise the question of the constitutionality of the law on the grounds that it is class legislation, by giving to a favored few what it refused to many.

The court found the respondent guilty.

NOW MAJOR HOVEY.

Popular Northfield Commandant Is Promoted.

Northfield, July 21.—The promotion of Capt. Henry W. Hovey of the 24th Inf., U. S. A., has been announced. He passed his examinations for promotion some weeks since.

Major Hovey was appointed to the rank of 2d Lieutenant in the U. S. A., from New York in November, 1880 and assigned to the 24th Inf. He was promoted to first lieutenant in May, 1888. In April, 1898, he was promoted to the rank of captain.

Major Hovey has taken a deep interest in the military branch of the state government and has rendered much valuable service. He is well known and highly popular with the military men of the state. His latest promotion, which no one will doubt is well earned, will be pleasing news to a host of friends both in military and social circles throughout the state, as well as to Northfield people generally.

A FINE CIRCUS.

Barnum & Bailey Drew Immense Crowds of People.

The performances of Barnum & Bailey's circus at Montpelier yesterday afternoon and last evening were as fine as any ever witnessed in this vicinity, and a large number of people went so far as to say that it was the best exhibition ever shown. And it is true that Barnum & Bailey's is worthy of the praise showered upon it. Yesterday afternoon the huge main tent was crowded to its seating capacity, while in the evening a good sized crowd was in attendance.

The performance was on the grand scale from the opening spectacle, "The Tribute to Balaia," in which several hundred men and women took part in a dance, to the chariot race which marked the close. Throughout, the exhibition was first-class in every way and the large crowds were delighted.

OLD MONTPELIER RESIDENT.

John Girard Died Yesterday at the Age of 84 Years.

Montpelier, July 21.—John Girard, one of the oldest residents of this city, died this morning at his home, No. 7 Franklin street, at the age of 84 years. He was born in St. Anne's, P. Q., January 1, 1819, and married Sophronia Lavigne at Underhill, in 1845. They celebrated their golden wedding eight years ago. After living in Northfield 19 years they moved to Montpelier 29 years ago. They had a family of 13 children, five of whom survive. John, lately of Chicago, now employed as night watchman for the Lane Manufacturing company, William of Manchester, N. H., Mrs. Theo. Fisher, Mrs. Paul Terrio, and Mrs. A. Galais, of this city. There are 21 grandchildren and four great-grandchildren. The funeral arrangements have not been completed.

WILL EXTEND STREET PAVING

Aldermen Propose to Go to Depot Square

AND TO THE FORK SHOP

Special Permanent Street Tax Raised Will Allow This Under Favorable Paving Contract.

The contract for street paving just made with A. J. Langford of Fitchburg, Mass., is so favorable to the city, it will be possible to pave Main street from the fork shop to Depot square on the special permanent street tax raised this year, and at the regular meeting of the board of aldermen held last evening it was voted to authorize the street commissioners to arrange a hearing on the need and necessity of paving that portion of Main street which has not already been considered in the previous hearings. This will probably result in Main street being paved from the fork shop to Depot square this season.

Two deeds of land, one from the city to H. K. Bush of a triangular piece of land 9 feet on a side, and one from F. N. Bralley to the city of a small piece of land on Brook street, were read and agreed to.

F. N. Bralley, C. A. Churchill and all the other abutors on that piece of Warren street between Merchant and Long street, asked for a relocation of the same and it was voted that it be relocated.

The cemetery committee was authorized to make a four years' lease to E. M. Lyon and Edwin Carleton of the strip of land between Elmwood cemetery and the land of the lessees the terms being that the plot shall be fertilized, 20 elm and maple trees be set out thereon and the land returned to the city seeded down at the end of the four years.

The petition for a sewer extension on Glenwood avenue was granted.

Alderman Albisetti said complaint had been made to him that stove chips were being dumped in the river opposite River street. Alderman McKenzie stated that there was an injunction over L. J. Bolster restraining the dumping of chips back of his sheds and the matter was referred to the city attorney to see if Mr. Bolster was in contempt of court.

The council then went into executive session.

THOUGHT SOMETHING WRONG.

Woman Who Was Assessed Poll Tax Objects.

One day this week a woman walked into city treasurer Mackay's office and showing a tax bill under the grating that protects the treasurer from the taxpayer, offered the objection that it was too large a tax bill—that she did not have property to the value of \$200. The city treasurer looked at the bill and saw that it called for a poll tax. He next looked at the respondent and asked her if the name on the bill was hers. She declared it was. A look at the assessor's books disclosed that she was certainly taxed a poll tax. Mr. Mackay asked the woman to leave the bill and he would see the assessors about it. Investigation revealed that it was an error of the assessors and that the woman should have been taxed on a mortgage of \$400.

ON CLOSING SHOPS.

Vote Was Taken to Close Friday and Saturday.

As there seems to be a little misunderstanding in reference to the closing of the granite plants on Friday and Saturday, July 24 and 25, the attention of the members is called to the vote taken at the meeting to close their shops and go and enjoy themselves.

It is the wish of the committee which has the matter in charge that members will govern themselves.

W. S. Alexander, Pres., James Campbell, Sec.

A BAND CONCERT

H. Wilder, Brooks Galloway, Harmony of Love, Collins Watta, Jolly Reel, Valsepp Cavallini, Gems of Scotland, Buckwell, March, Grenadiers, Buckwell, Hunting Scene, Buckwell.

FOR STEALING WATCH.

Peter Fraser Arrested and Pleads Guilty.

Peter Fraser was arrested last night by Chief Brown for the larceny of a silver watch from Herbert Chambers. In court this morning he pleaded guilty and was fined \$20 with costs of \$5.14, which was not paid this afternoon.

The Over the Teacups Club will meet with Mrs. Dunham Thursday evening at 7 o'clock. It is desired that all members make it a point to be present.
